Malaysia Medical Council Registration No: 40123

National Specialist Register No: 130664

Profile

Currently a family medicine specialist and head of clinic leading a public health polyclinic at the urban district situated at the north of Kuala Lumpur. Actively involved in patient's care at primary care level and service improvement delivery. Job scopes also include teaching and training of medical officers, house officers and paramedics. I am eager to acquire more leadership training and managerial skills to enrich my professional growth and development.
